

Kelli's "Kritter" Pet Sitting Services www.kbfitinsideandout.com

Client Agreement

In order to provide you and your pets with purrrrfect pet sitting support, please read, initial, sign and return this agreement to me, Kelli Butler, prior to us working together. The following information outlines my pet sitting fees and policies and ensures that we agree on my services and support for your pets.

Petting Sitting Locations

I support clients and their pets in the following cities: Covina, Glendora, San Dimas, La Verne, and Claremont. If you are in West Covina, Azusa, or Upland, please note that there will be an additional charge of \$10.00 per day to cover my transportation time and gas for my vehicle.

Please provide your pet sitting location address:

What is your name: _____

What is your email address: _____

What is your phone number: _____

Type and Number of Animals

I will pet sit for up to four animals while you are away. For safety reasons, I do not pet sit for aggressive animals who charge, growl, lunge, claw, or bite. Please note that while I love all creatures, my pet sitting services are geared toward dogs and cats. I do not have the experience necessary to care for large animals such as a horse, cow, or pig. I am also not as experienced with rabbits, reptiles, hamsters, gerbils, mice, turtles, birds, and fish. However, for small animals other than dogs and cats, I am open to discussing this if you happen to have a feathered or finned pet who needs food and water while I care for your dog(s) and/or cat(s). Each situation is different so we will need to discuss prior.

Please list out the species of pets I will be caring for including their names and ages, and a brief description. Note that I limit the number of pets to 4 pets only (dogs and/or cats):

1.

- 2.
- 3.
- 4.

Special Needs Animals

For pets that require special care or hospice, such as injured animals, animals recovering from surgery, end of life care, or overnight support, I am not able to spend the night or provide around the clock hospice care for special needs animals. In this case, it will likely be best for you to consult with your vet and consider boarding your animal while you are away.

Boarding and Transporting Animals

I do not board animals, nor do I transport animals to vet visits or grooming appointments. The only exception is if a life-threatening emergency occurs requiring immediate veterinarian assistance while you are away. It is important that you provide me with the name, phone number and location of your vet. I ask all clients to sign the release at the end of this agreement to allow me to transport your pet to the vet if an emergency occurs. Please understand that transportation time and gas for my vehicle will be billed, along with any additional time requirement in the event of an emergency situation that requires more of my time.

Emergency Veterinarian

The 24-hour emergency vet I use is in Glendora, CA. If your pet is ill prior to your vacation, I will ask that you please consider boarding your pet or hire another type of pet sitter who can stay with your pet around the clock as I do not provide these services. You are responsible for all costs incurred should your pet require an emergency vet visit. I ask all clients to please leave a pet carrier in case of an emergency.

Medication

I am not a trained veterinarian or vet assistant, and I do not have formal training with animals. However, if your animal is gentle with taking medication, and doesn't bite or claw, I will be happy to provide medication following you and your vet's instructions. If the medication requires that I come to your home more than once per day, this will be factored into the pet sitting fee.
